DOCTORAL PROPOSAL COMMITTEE

This committee, established by the thesis supervisor and approved by the SCS Graduate Director, should be comprised of three to five faculty members and must include *at a minimum*: the thesis supervisor, one OCICS member from SITE and one additional OCICS member from SCS. It is strongly suggested that a faculty member from another department at the home university be included, as this will be a requirement for the thesis defence committee. The committee must be established before the end of the **7th** term and before the student registers in the Doctoral Proposal (COMP 6908).
